OE Form • Fit • Function

CARQUEST® alternators and starters work like the OE unit, look like the OE unit and fit like the OE unit.

OE Expertise. CARQUEST® offers the industry’s highest quality alternators and starters to exactly match the unit and performance to the original equipment on the vehicle.

Key functions are monitored in the manufacturing process that simulate real-life driving and high demands of on-board electronics and accessories.

Proven performance. Fewer comebacks. CARQUEST® units have a history of reliability, durability and superior performance unsurpassed by any other brand. CARQUEST® backs it up with one of the best warranties available.
