

# EXHAUST REPAIR

## HARDWARE

- Direct replacement for a proper fit every time
- Durable steel construction
- New hardware helps fix exhaust leaks
- Also available in the Exhaust Manifold Hardware Kit

### Dorman Help Exhaust Stud Kit

**M12-1.75 x 62mm** MTM 03129

### Dorman Help Exhaust Stud Kit

**M10-1.5 x 62mm** MTM 03133

**Dorman Help Exhaust Stud Kit, M10-1.5 x 72mm** MTM 03131

Image Shown: 03129

- Constructed of durable spring steel
- Rust and corrosion resistant
- Also available in a kit that include the Exhaust Manifold Bolt
- Easy installation

### Dorman Help Exhaust Flange Spring,

**0.825 OD x 1.135 ID x 1.57 & 0.5 ID X .75 x OD 1.13"** MTM 03084

- Direct replacement for a proper fit every time
- Durable steel construction
- Repair kit helps to secure exhaust manifold to the vehicle engine head
- Manufactured to strict engineering quality standards

### Dorman Help Exhaust Manifold Mount Hardware,

**M8-1.25mm** MTM 03411

- Direct replacement for a proper fit every time
- Durable steel construction
- Also available in the Exhaust Manifold Hardware Kit
- New hardware helps fix exhaust leaks

### Dorman Help Exhaust Manifold Hardware Kit,

**M10-1.25mm** MTM 03400

**Dorman Help Exhaust Manifold Hardware Kit,**  
**3/8-16"** MTM 03405

**Dorman Help Exhaust Manifold Hardware Kit,**  
**3/8-16"** MTM 03401

Image Shown: 03400

- New hardware helps fix exhaust leaks
- Depending on the application, kits include hardware to securely attach the manifold to the exhaust system
- Also available separately (where applicable)
- Hardened steel construction for long-lasting durability

### Dorman Help Manifold Stud and Spring Kit,

**M10-1.5 x 77mm** MTM 03107

**Dorman Help Manifold Bolt and Spring Kit,**  
**3/8-16 x 3.5"** MTM 03110

**Dorman Help Manifold Bolt and Spring Kit,**  
**M10-1.5 x 72mm** MTM 03126

**Dorman Help Manifold Bolt and Spring Kit,**  
**M8-1.25 x 74mm** MTM 03128

Image Shown: 03107

- Direct replacement for a proper fit every time
- Durable steel construction
- New hardware helps fix exhaust leaks
- Also available in the Exhaust Manifold Hardware Kit

**Dorman Help Exhaust Stud Kit, M10-1.25 x 40mm** MTM 03105

- Direct replacement for a proper fit every time
- Durable steel construction
- Repair kit helps to secure exhaust manifold to the vehicle engine head
- Manufactured to strict engineering quality standards

**Dorman Help Exhaust Manifold Stud** DOR 03211CD

- Rust and corrosion resistant
- Durable hardened and spring steel construction
- New hardware helps fix exhaust leaks
- Also available separately (where applicable)

### Dorman Help Manifold Bolt and Spring Kit,

**M8-1.25 x 76mm** MTM 03143

- Rust and corrosion resistant
- Durable hardened and spring steel construction
- New hardware helps fix exhaust leaks
- Also available separately (where applicable)

**Dorman Help Exhaust Flange Hardware** MTM 03087CD

- Direct replacement for a proper fit every time
- Durable steel construction
- A wide variety of kits are available that may contain any or all of the following: studs, nuts, and bolts
- A rigorous quality inspection has been undertaken to ensure product standards

**Dorman Help Exhaust Manifold Bolts** DOR 03088CD

- Direct replacement for a proper fit every time
- Durable steel construction
- Repair kit helps to secure exhaust manifold to the vehicle engine head
- Manufactured to strict engineering quality standards

### Dorman Help Exhaust Manifold Hardware

**Kit** MTM 03218

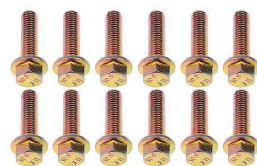

- Direct replacement for a proper fit every time
- Durable steel construction
- New hardware helps fix exhaust leaks
- Also available in the Exhaust Manifold Hardware Kit

**Dorman Help Exhaust Flange Hardware Kit** MTM 03117

- Direct replacement for a proper fit every time
- Durable steel construction
- Repair kit helps to secure exhaust manifold to the vehicle engine head
- Manufactured to strict engineering quality standards

**Dorman Help Exhaust Manifold Hardware Kit** MTM 03413

- Engineered from high-quality materials for long-lasting durability
- Quality tested for strength
- Direct replacement for a proper fit every time
- No special tools required

**Dorman Help Intake Manifold Bolt** DOR 03426

\* Disclaimer: Not all products listed in this catalog are stocked in all stores or DC locations. If not stocked, they are available via special order.

- Rust and corrosion resistant
- Durable hardened and spring steel construction
- New hardware helps fix exhaust leaks
- Also available separately (where applicable)

**Dorman Help Pipe to Converter Spring Kit, M8-1.25 x 59mm** MTM 03146

- Available in many different styles including hex nuts, flanged nuts, square nuts, wing nuts, and more
- Available in a large variety of sizes, thread pitches, and quantities
- Prevailing torque lock nuts and other types available for increased durability against high-heat conditions
- Also suitable for a broad variety of household, industrial and commercial uses

**Dorman Help Copper Plated Hex Nut, M10-1.5** DOR 680-366CD

## EXHAUST REPAIR STUD KITS

- Direct replacement for a proper fit every time
- Durable steel construction
- New hardware helps fix exhaust leaks
- Also available in the Exhaust Manifold Hardware Kit

**Dorman Help Exhaust Stud Kit, 3/8-16 x 2-1/2" & 3/8-16 x 3-1/4"** MTM 03147

- New hardware helps fix exhaust leaks
- Depending on the application, kits include hardware to securely attach the manifold to the exhaust system
- Also available separately (where applicable)
- Hardened steel construction for long-lasting durability

**Dorman Help Exhaust Flange Hardware Kit, M10-1.5 x 70mm** MTM 03130

- Direct replacement for a proper fit every time
- Durable steel construction
- New hardware helps fix exhaust leaks
- Also available in the Exhaust Manifold Hardware Kit

**Dorman Autograde Double Ended Stud, M8-1.25 x 16mm & M8-1.25 x 16mm** MTM 29203

Image Shown: 29203

**Dorman Autograde Double Ended Stud, M10-1.50 x 27mm & M10-1.50 x 12mm** MTM 29224

**Dorman Autograde Double Ended Stud, 3/8-16 x 1-1/4" & 3/8-16 x 7/16"** MTM 29200

**Dorman Autograde Double Ended Stud, 3/16-16 x 1-5/8" & 3/8-16 x 3-1/4"** MTM 29201

- Direct replacement for a proper fit every time
- Helps keep the exhaust system together
- Durable brass construction
- This part has undergone fitment thread testing to ensure conformance to product standards and quality

**Dorman Help Brass Hex Nut, 3/8-16"** DOR 680-104CD

- Available in many different styles including hex nuts, flanged nuts, square nuts, wing nuts, and more
- Available in a large variety of sizes, thread pitches, and quantities
- Prevailing torque lock nuts and other types available for increased durability against high-heat conditions
- Also suitable for a broad variety of household, industrial and commercial uses

**Dorman Help Hex Nuts, Metric Brass, M10-1.25** DOR 680-154CD

- Available in many different styles including hex nuts, flanged nuts, square nuts, wing nuts, and more
- Available in a large variety of sizes, thread pitches, and quantities
- Prevailing torque lock nuts and other types available for increased durability against high-heat conditions
- Also suitable for a broad variety of household, industrial and commercial uses

**Dorman Help Hex Nuts, Metric Brass, M8-1.25x6** DOR 680-152CD

## EXHAUST REPAIR STAINLESS STEEL MUFFLER CLAMPS

- Stainless Steel Exhaust Accessories are made from 409 stainless steel, which is a general purpose, chromium, titanium stabilized, ferritic stainless steel whose primary application is automotive exhaust systems.
- 3/8 U-Bolt w/ Flange Nut

Image Shown: 101

**Nickson 1-3/4" Stainless Steel Exhaust Clamp** GOE 101

**Nickson 1-7/8" Stainless Steel Exhaust Clamp** GOE 102

**Nickson 2" Stainless Steel Exhaust Clamp** GOE 103

**Nickson 2-1/8" Stainless Steel Exhaust Clamp** GOE 106

**Nickson 2-1/4" Stainless Steel Exhaust Clamp** GOE 104

**Nickson 2-1/2" Stainless Steel Exhaust Clamp** GOE 105

**Nickson 2-3/4" Stainless Steel Exhaust Clamp** GOE 98

**Nickson 3" Stainless Steel Exhaust Clamp** GOE 107

## EXHAUST REPAIR HEAVY DUTY MUFFLER CLAMPS

- These heavy duty clamps feature an 11 gauge saddle with reinforced ribs.
- They provide the do-it-yourselfer with the same high quality, leak free clamps that the professional installers use.
- 3/8 U-Bolt w/ Flange Nut

Image Shown: 517112

**Nickson 1-1/2" HD Exhaust Clamp, Boxed** GOE 517112

**Nickson 1-5/8" HD Exhaust Clamp, Boxed** GOE 517158

**Nickson 1-3/4" HD Exhaust Clamp, Boxed** GOE 517134

**Nickson 1-7/8" HD Exhaust Clamp, Boxed** GOE 517178

**Nickson 2" HD Exhaust Clamp, Boxed** GOE 517200

**Nickson 2-1/8" HD Exhaust Clamp, Boxed** GOE 517218

**Nickson 2-1/4" HD Exhaust Clamp, Boxed** GOE 517214

**Nickson 2-1/2" HD Exhaust Clamp, Boxed** GOE 517212

**Nickson 2-3/4" HD Exhaust Clamp, Boxed** GOE 517234

**Nickson 3" HD Exhaust Clamp, Boxed** GOE 517300

**Nickson 3-1/2" HD Exhaust Clamp, Boxed** GOE 517312

**Nickson 4" HD Exhaust Clamp, Boxed** GOE 517400

# EXHAUST REPAIR

## STAINLESS STEEL BAND CLAMPS

- Pre-attached hardware for fast, easy, and accurate installation.
- Aluminum reaction block creates a complete inner circle seal when clamp is secured.
- Bright finish, completely rustproof stainless steel band for long life.

**Nickson Flat Band Exhaust Clamp SS 2" GOE E20ST**

**Nickson Flat Band Exhaust Clamp SS 2-1/4" GOE E22ST**

**Nickson Flat Band Exhaust Clamp SS 2-1/2" GOE E25ST**

**Nickson Flat Band Exhaust Clamp SS 3" GOE E30ST**

**Nickson Flat Band Exhaust Clamp SS 4" GOE E40ST**

**Nickson Flat Band Exhaust Clamp SS 5" GOE E50ST**

Image Shown:
