

Full ASE test prep (30+ hours) - to help your techs pass the test

Flexible options to meet individual training needs - single courses, bundled packages and full-access passes

Video-based training by industry experts, available in online or DVD courses

160+ hours of online training, including diagnostics, diesel, hybrid, management and more

## You pass - or we pay\*

It's simple—a well-trained staff will lead to more satisfied customers. From automotive basics to advanced technical diagnostic training, MotoSKILL® features a broad range of online courses and ASE test prep designed to help your staff stay on top of current repair technology. And best of all, it's available whenever—and wherever—you are.

### Our Guarantee: your techs pass the ASE Certification Test—or you don't pay.\*

\*Money back guarantee is available for online ASE test prep classes only. Participants must successfully complete the online course and earn a certificate of completion to qualify for refund. If a refund is requested, participant must provide their failing exam score received by ASE within 1 month of completing the online course.
