Please note the following revisions to the subject Invitation to Bid (ITB)

1. The answer to question #20 (a) that was provided in Addendum #1 has been revised as follows:
 20. Page 8 Pricing Section. We currently have many different municipal contracts in place and would like additional clarification to this section. We are unclear on who would be “eligible” for pricing that we currently have in place on our existing contracts. The three examples are somewhat helpful, but can you please respond to the following:
 - a) If we currently have a Statewide contract that other States are allowed to attach to with written permission by all parties, and our overall pricing was higher than our US Communities contract, but there was one product category that was bid more competitively, would we have to make that pricing available to all US Communities participants?
Answer: The question above describes a multi-state cooperative please reference Administration Agreement, Section 3.3(a)(viii).

In order to constitute a complete bid response, you must acknowledge receipt of this addendum on the appropriate form of the bid response package.

We hope that you will respond to this ITB. We appreciate your interest in doing business with the City of Charlotte and look forward to receiving your proposal.

Sincerely,
